

# Activity: Caring for animals

## Activity

Divide the whole group into small groups.

Each group chooses one animal, cuts it out and sticks it on a poster. Then the group reflects on what the animals need to be happy, to be cared for, to be able to survive. Then each group member helps to draw and write the results on the poster.

Each group presents their poster to the whole group.

★ ★ **Activity**

Divide the whole group into small groups. Each group chooses one animal, cuts it out and sticks it on a poster. *Find at least 3 more animals who live in your country who are endangered and add them to the poster.*

Then the group reflects on what the animals need to be happy, to be cared for, to be able to survive. Then each group member helps to draw and write the results on the poster.

Each group presents their poster to the whole group.

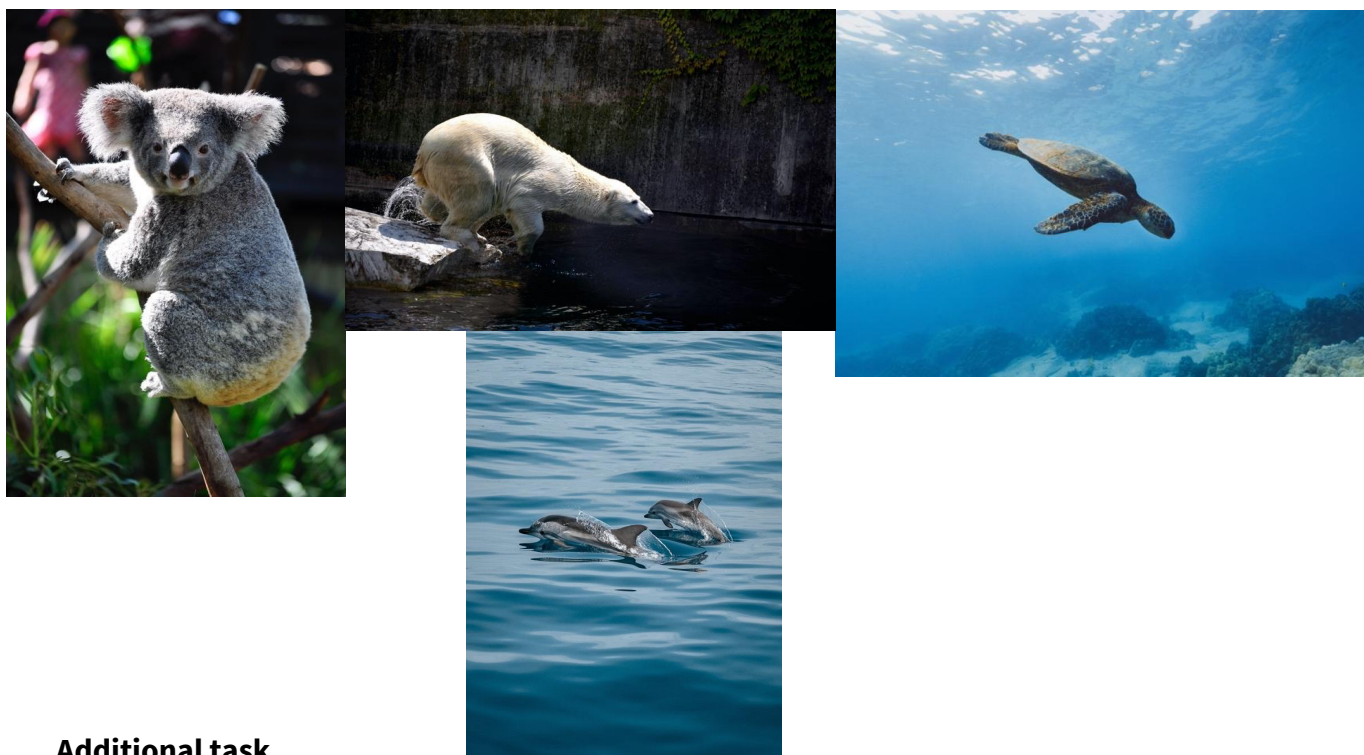

**☆☆☆ Activity**

Divide the whole group into small groups. Each group chooses one animal, cuts it out and sticks it on a poster. *Find at least 3 more animals who live in your country who are endangered and add them to the poster.*

Then the group reflects on what the animals need to be happy, to be cared for, to be able to survive. *Find other animals who are endangered and add them to the poster.*

Then each group member helps to draw and write the results on the poster. Each group presents their poster to the whole group.

**Additional task**

Write a few lines about what you can do yourself to protect animals and the environment in the area where you live.
